- PowerPoint Shared by Brion Economics: The presenter Joanna Brion shared several slides using PowerPoint along with co-worker Ulrike Jaklin.
- There were some questions asked by the presenters:

Q: Did Brion look at after school care for TK age?

A: Yes, that is Wrap around needs and depends per district some are full days.

Q: Since the need for infant/toddler care is predicted to be higher in 2031 than today according to the report, what is being offered to the kids who will age into preschool in 2031?

Q: Regarding Self-sufficiency data what expenses does that consider? Does it include childcare and housing?

A: Brion representative explained MTI data updates yearly + as needed and yes, it considered childcare and housing.

Q: Explain Childcare demand estimates and Wage income for Kindergarten, Preschool and Childcare workers?

Q: Why did the report not include center base preschool wages for Teachers and Associates that work in public companies?

Q: Can we add the Wages of Teachers and Associate Teachers working in center base centers or other public companies along with the current data to have an accurate comparison?

A: Brion representative explained they got data from various outlets and there is no data or not enough on Center Base vs. Childcare Providers.
